

Request to Update Information Notice

To assist with a union-wide data census, please reach out to your Local Secretary to ensure the craft code listed accurately reflects your current job assignment. Please also take the opportunity to ensure your military veteran status, emergency contact info, email and home addresses are up to date and complete in our union database.

Why? To help us keep you informed of Union activities!

Important information you will receive:

- ▶ TD News
- ▶ Dues Receipts
- ▶ Ballots
- ▶ Union Business Notices

If you have not received communications from your union for a long time, it's a good indicator that your personal info on file is not correct.
